It is permissible to carry a Vertigo Cover on board an aircraft in the baggage hold packed into the carry bag provided and properly secured and at the discretion and responsibility of the Pilot in Command.
2. Vertigo Covers products are made to a very high standard in order to maximise their life under normal conditions. Correct and tight fitting of aircraft covers is vital to maximise security. Vertigo Covers, its owners or staff cannot be held responsible for damage caused by improper fitting, howsoever caused.
3. Whilst every care is taken to ensure that our aircraft covers are a good fit, the very diverse nature of aeroplanes dictates that adjustments are sometimes necessary. These will of course be undertaken free of charge and as expeditiously as possible.

It should be noted that Aircraft requiring measuring or unforeseen complications might extend the required manufacturing period. Vertigo Covers its owners and staff cannot be held responsible for any loss or problem associated with such delays howsoever caused.
5. Quotations. We will always try to include all costs in our quotation. In unusual circumstances unforeseen complications may dictate an additional charge. We will always consult our client before undertaking work of this kind.

Orders can be cancelled up to the point that materials ordered for the purpose of fulfilling as clients order have been dispatched by the supplier or in the case of stock materials once material processing (Cutting) has commenced. Please Note that orders cannot be cancelled once material has been cut.
7. The customer is advised to ensure that, given suitable consultation, any items ordered will fulfil their requirements.
8. Title and ownership of goods, even if delivered, will not pass ownership to the buyer until FULL payment has been received.
